HAIR TELLS CHARACTER.

Color of Hair Said to Indicate a Person's Temperament.

Many people believe that blonde, or light hair denotes affection and dark hair constancy. A person without hair is not devoid of character; far from it. The disposition of the average bald-headed man is to show such solicitude for the welfare of others, that he neglects himself. A germ causes baldness. Prof. Sabouraud, of Paris, France, inoculated a rabbit with Dandruff germs, causing it to become totally bald in five weeks' time. To rid the scalp of these dangerous germs it is necessary to apply Newbro's Herpicide.

"Destroy the cause—you remove the effect."

Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

E. S. Leadbeater & Sons, Special Agents.

The Moroccan Affair.

The role of the United States at the Moroccan conference arouses much discussion and some apprehension in Paris, in which the officials and diplomats are taking an active part. This is due mainly to the dispatches printed in London papers and reproduced in Paris, purporting to give the American policy. One dispatch, stating that the United States will uphold the German contention, caused unfavorable comment, but a dispatch from Madrid to the London Times, printed yesterday, saying that the United States will support Great Britain, Russia, Italy and Spain in concert with France, counteracted the first impression and caused more favorable comment. This was evidenced during the departure of the French delegates for Algeciras.

The Paris newspapers quote a member of the delegation as saying: "Great Britain and the United States are rather favorably disposed toward us, while Spain and Italy are with us as Latin nations."

The taint of official censorship and secrecy which has radiated from the White House to every bureau and division of the various executive departments has at last found its insidious way to the United States Senate, where the decision was yesterday reached that the Moroccan imbroglio could only be discussed on the floor of the Senate behind closed doors.

Senator Lodge, of Massachusetts, who is the principal advocate of administration foreign policies and relations on the floor of the Senate, yesterday objected to the discussion in open session of the resolution which was introduced Monday by Senator Bacon, of Georgia, calling for information as to the extent to which the finger of the State Department had been stuck into the Moroccan pie. Upon motion of Mr. Lodge the galleries were cleared and the doors closed. Under the rules of the Senate the doors may be closed whenever a Senator objects to the discussion in open session of matters he thinks ought to be debated secretly. Senator Lodge made the necessary resolution, and under the rules the doors must be closed while the motion is being debated.

There was the liveliest sort of discussion behind closed doors. Senator Bacon led the minority and Senator Spooner came to the rescue of Senator Lodge. Finally, after a discussion of two hours, the Senate, by a strict party vote, decided that the Bacon resolution should be debated and considered in secret legislative session.

Senators Lodge and Spooner contended that questions involving delicate foreign relations should not be discussed in open session. The opposition contended that the Moroccan resolution did not involve any pending treaty, and that the rights of Senators to free and full discussion of public questions in the open should not be restricted except in the cases of treaties and nominations, which should be considered in secret session.

Senator Lodge announced yesterday evening that he would move for the closing of the doors every time an attempt is made to discuss foreign relations in public.

Alleged Assaults.

J. Antoni Ambroselli, a restaurant keeper and prominent Fourth ward politician, of Charlottesville, was arrested yesterday and charged with assaulting Rosa, the 14-year-old daughter of Arthur H. Dudley. The preliminary examination held yesterday afternoon attracted a large crowd. According to the father's testimony, the alleged misconduct occurred in the middle of December. It seemed incredible to him, but he resolved to be on the watch, and on Monday, when his daughter went into Ambroselli's place and did not promptly return, he attempted to enter the building by a rear door, but was excluded, the girl in the meantime leaving the building through the public room. The child's testimony, while not entirely direct, was sufficient for Justice Watson to commit the accused for the grand jury. The accused will today apply for bail. He denies every charge alleged against him.

The case of William W. Patterson, the young Henrico county farmer, charged with attempted criminal assault on Miss Cora Crittenden, a girl of 18 years, came to trial in Richmond yesterday before Judge Carter R. Scott. The case at once took a more serious turn than Patterson's friends were led to believe. The courtroom was cleared of everyone except the lawyers and jury. The young woman told on the witness stand how Patterson came to the house while her father was out on the farm, pulled her out of the door and drew a pistol. She told him she would tell her father, when Patterson threatened if she did he would blow out her brains and kill himself. She declares he tore her collar and shirtwaist, and tore her apron off. She screamed, and finally got away from him and started to Mrs. Yaeger's, a neighbor, when he met her again, she says, began to cry and offered her all the money he had if she would not tell on him. She was asked a number of questions in regard to clandestine meetings with Patterson by the lawyer for the defense, whose evident purpose was to show that the girl was in love with Patterson, and, while stung by his indifference, would do almost anything for him, and also to test her veracity. Many witnesses have been summoned, and the case will last some days.

Bent Her Double.

"I knew no one for four weeks when I was was sick with typhoid and kidney trouble," writes Mrs. Annie Hunter, of Pittsburg, Pa., "and when I got better, although I had one of the best doctors I could get, I was bent double, and had to rest my hands on my knees when I walked. From this terrible affliction I was re cued by Electric Bitters, which restored my health and strength, and now I can walk as straight as ever. They are simply wonderful." Guaranteed to cure, stomach, liver and kidney disorders; at E. S. Leadbeater & Sons' drug store; price 50c.

Chamberlain's Cough Remedy the Best Made

"In my opinion Chamberlain's Cough Remedy is the best made for colds," says Mrs. Cora Walker, of Poterville, California. There is no doubt about its being the best. No other will cure a cold so quickly. No other is so sure a preventive of pneumonia. No other is so pleasant and safe to take. These are good reasons why it should be preferred to any other. The fact is that few people are satisfied with any other after having once used this remedy. For sale by Gibson & Timberman and W. F. Creighton & Co.

Alexandria Gazette AND VIRGINIA ADVERTISER

WEDNESDAY EVENING, JAN. 10, 1906

THE "insurrection" of House republicans has begun to resemble a revolution in South America, in which every one wants to run away. The scheme to defeat the statehood bill and the Philippines tariff bill by forming a combination with the democrats against both measures has virtually been defeated by a refusal of the democrats to be used for any such purposes as the recalcitrant republicans have in view. Mr. Williams, the democratic floor leader, announced in the House yesterday that the democratic policy will be to vote for the Philippines bill, not because it is entirely satisfactory, but because it reduces duties upon imports, and promises a better condition than if the present law remains in force. Without democratic assistance, the beet sugar men and the tobacco men on the republican side are powerless, while their alliance with the anti-statehood men is rendered senseless, inasmuch as they care nothing about the statehood measure, except as the efforts against it might help their own cause against the Philippines bill. The development of this situation caused consternation in the insurgent ranks followed by wholesale desertions.

BY A unanimous vote, the Senate committee on interoceanic canals yesterday decided in favor of a general investigation of Panama canal affairs, including the work of the commission and the participation in that work of the President and the Secretary of War. Such an investigation, instituted in behalf of the public interest, could not be objected to upon a question of propriety. But in the present instance the desire upon the part of Senators, both republican and democrat, to make it appear that there is necessity for the proposed inquiry, in order to insinuate that the administration has been holding back information, and that evidence may be found to reflect discredit upon the administration, gives a sinister appearance to the entire proposition, and forces the conclusion that it is a part of the Senate scheme to undermine the President in public esteem. It was somewhat significant that the resolution agreed upon in the committee, and afterward presented to the Senate by Senator Millard, was drawn by Senator Gorman, leader on the democratic side.

A DISPATCH from Warsaw, Poland, says that a strong reactionary sentiment against the socialists is noticeable there as the result of the acts of socialists leaders during the recent abortive strike and the fanaticism manifested by the members of that party. The people are disinclined to continue the struggle against the government further, and many persons openly declare that owing to the exhaustion of the country the evils of autocracy are preferable to the terrorism of the revolutionists. This is but history repeating itself. Revolutionists, communists, anarchists and all such people are far more despotic when they attain power than those they depose.

IN reply to a telegram from Attorney General Hadley, Thomas W. Lawson, of Boston, last night sent a lengthy telegram to Mr. Hadley in New York, concerning the investigation of the Standard Oil Company. Mr. Lawson informed the Attorney-General that he personally knew nothing of the relations between the Standard Oil Company, of Indiana, the Republic Oil Company and Waters-Pierce Company, and that while he was aware of certain acts of the Standard Oil "monopoly," he could not "fairly come within the wise restriction," of Mr. Hadley's telegram. Mr. Lawson has talked too much.

THE Lynchburg Board of Aldermen yesterday, by a vote of 5 to 2, concurred in an ordinance, the effect of which, when approved by Mayor Smith, will be to remove every street display from the fronts of stores in that city, excepting fruit stands and such goods as may be shown in a glass showcase. There is such an ordinance on the statute books of this city, but it has become almost a dead letter, although many citizens favor its strict enforcement.

THE Senate yesterday evening confirmed the reappointment by the President of Judge L. L. Lewis to be U. S. Attorney for the Eastern district of Virginia. Out agin, gone agin, come agin, in agin!

Fifty-ninth Congress.

Washington, Jan. 10.

SENATE.

The Senators were slow in assembling today. Only a dozen of them heard the opening prayer.

Senator Simmons addressed the Senate on the salaries paid the Panama Canal Commissioners and employees.

HOUSE.

The House upon meeting today gave immediate consideration in committee of the whole to the Philippine tariff bill, Mr. Dalzell, republican, Pennsylvania, the first speaker, favoring the passage of the measure.

From Washington

(Correspondence of the Alexandria Gazette.)

Washington, Jan. 10.

Insular officials in the War Department express the belief that the Philippine tariff legislation affecting the rates on sugar and tobacco from the islands will be enacted into law despite the anti-administration campaign headed by Representative Babcock, in which the insurgent leaders claim sixty-five republican representatives and in which the House leaders conceded at least thirty republican members who are openly and arrogantly recalcitrant to administration orders. Aside from the joint statehood aspect of Mr. Bacock's insurrection, and considering the tariff portion of the situation, it is pointed out at the insular bureau that unless the concessions are made now on sugar and tobacco, there is imminent danger of immediate free trade with the islands; not that the insular experts consider such a possibility a bug-a-boo. Secretary Taft has hoped that the minority would submit an amendment to the bill providing for free trade with the islands. Such an amendment would die by a party division, and then on the bill itself he thinks the administration would have a substantial majority.

Evidence was taken by the Interstate Commerce Commission today in the case of the National Wholesale Liquor Dealers' Association against the trans-continental railroads and connecting lines in the East, charging unjust rates on whisky, shipped in less than car load and in car load quantities. The liquor interests brought out the fact that the rates were increased on whisky and not on alcohol, high wines and high proof spirits. The hearing of the complaint against the principal railroad systems brought by the National Wholesale Lumber Dealers' Association in regard to the racking of lumber shipped on flat, or gondola cars, will be heard tomorrow.

Capt. James Robb Church, who served with President Roosevelt at Santiago, was presented with a medal of honor at the White House today for distinguished gallantry at Las Guasimas. The entire staff of the army, many distinguished officers of the navy, the Secretary of War, a delegation from the American Medical Association, and a number of invited guests attended the ceremony which took place in the President's office and Cabinet room. The President made a neat little speech of presentation.

Municipal improvement received the attention of the morning session of the American Institute of Architects, now in session at the New Willard.

After a conference with President Roosevelt this morning, Representative Watson of Indiana, the republican whip of the House, announced that both the Philippine tariff and statehood bills would pass the House. "Will they pass the Senate?" Mr. Watson was asked. "I don't know," he replied, then added: "Does anyone know what the Senate will do?"

Mrs. Martin, wife of Senator Martin, entertained in Washington yesterday at a luncheon, when her guests were: Mrs Brewer, Madame Quesada, Mrs. Alden Smith, Mrs. J. R. Henderson, Mrs. Hutchison, Mrs. Timmons, Mrs. Hatch, Mrs. Hein, Mrs. Hooe, Mrs. J. J. Hemphill, Mrs. Moore, Mrs. J. W. Kearney, Miss Ridgeley and Miss Grace Day.

The House committee on the judiciary by a unanimous vote, today, authorized a favorable report on the resolution by John Sharp Williams of Mississippi calling on the Attorney General, "if not incompatible with the public interests," for a report as to whether or not any criminal prosecutions have been begun as a result of the Northern Securities case decision, declaring certain individuals and corporations "combinations in restraint of trade."

Mr. Goebel, of Cincinnati, has introduced a bill in the House, which provides that in suits for libel in federal courts there shall be more than one recovery. Any one of the offenders can be used, or all together, but one verdict is to give all the balm to which the injured may be entitled. Recent cases in which damages have been recovered from many people charged with the same offense actuated Mr. Goebel to prepare the bill.

Senators Scott and Blackburn were appointed representatives at the commencement exercises at West Point.

For five hours yesterday the House discussed the Philippine tariff bill. Digression in the form of tariff revision discussion was made in a brief speech by Mr. Gillett, who favored Canadian reciprocity. Mr. Bonynge discussed the bill from the standpoint of the beet-sugar industry. Mr. Burgess opposed it on constitutional grounds and had a lively colloquy with the minority leader, Mr. Williams, on this point. He charged that democrats, to be consistent, should oppose anything but free trade with the Philippines, on the ground that it was an American possession. Mr. Williams defended the minority position by stating that he was supporting the bill because it was as near free trade as it was possible to obtain from the majority. The republican insurgents to the joint Statehood bill are making a hard fight against Speaker Cannon on the administration measure, but the Speaker is confident that they will be brought to support the administration bill.

A fight is being made against the anti-pilot bill now pending in the House.

The features of the Standard Oil hearing in New York yesterday were the service of a summons on H.H. Rogers to appear in court and show cause why he should not be compelled to answer the questions he declined to answer and an offer of Thos. W. Lawson to testify.

Hydrophobia, resulting from the bite of a pet dog six weeks ago, caused the death of Miss Julia Curtin in Philadelphia yesterday. Miss Curtin was twenty-one years old. Legislative.

The Senate and House held caucuses last night in the assembly room of the Mechanics' Institute.

There was no fight for the speakership, as had been expected, both Lee and Churchman withdrawing at the last moment on account of many of their supporters not having arrived in the city. W. D. Cardwell, of Hanover, was elected speaker without opposition. John W. Williams, of Giles, was elected clerk; J. M. Johnston, of Rockbridge, sergeant-at-arms; S. M. Newhouse, of Culpeper, first doorkeeper; P. E. Lipscomb, of King and Queen, second doorkeeper. All of these officers were practically nominated by acclamation.

The Senate went into caucus immediately after the House had finished. Judge William Hodges Mann was chairman of the caucus, and Senator Henry T. Wickham, of Hanover, was nominated for president pro tempore. There was no contest. All of the old officers were renominated by acclamation. They are: Henry T. Wickham, president pro tempore; Joseph Button, of Appomattox, clerk; F. B. Watkins, of Charlotte, sergeant-at-arms; S. M. Donald, of Augusta, doorkeeper.

The two bodies formally convened in the new Capitol building at noon today, when the officers named by the caucus were formally elected.

Senator W. W. Sale, of Norfolk, has perfected his redistricting bill and will offer it soon after the body shall get down to work. It is essentially the same bill which he has twice before presented and which passed the Senate and was first vetoed by the governor, and the second time lost in the House.

The bill changes every district in the State more or less. The Third district will have to take care of Charles City county, while the First gets Newport New, Williamsburg, James City, Elizabeth City, York and Warwick counties.

The First district will lose Fredericksburg, Caroline and Spottsylvania, those counties and Fredericksburg going to the Eighth district.

Mr. O. Puller, of Richmond, will offer today in the House a bill to amend section 3 of the act concerning corporations. The amendment is aimed at wildcat insurance, and will require officers of companies when applying for charters to enter into bond in the sum of $100,000 before the clerk of the corporation commission, the bond to be a guarantee that the company will be organized and will make a deposit of $100,000 as required by law.

Mr. Puller will also offer an anti-graft bill in the House. The proposed bill will make it a misdemeanor to offer a bribe, gift, or any other valuable thing to an employe of a corporation, firm or individual for information concerning the business of the employer. The punishment for such an offense is fixed at fines ranging from $10 to $500, or fine and imprisonment, or both.

Mr. Barrett, of Newport News, will offer in the House a new "jim crow" street car bill, taking the matter out of the railway companies. The plan in force at Richmond is the model after which the bill is drawn.

Today's Telegraphic News

Burning of a Hotel and Loss of Life.

Minneapolis, Minn., Jan. 10.—The West Hotel, the biggest hotel between Chicago and the Pacific coast, caught fire at 7:30 this morning from a crossed electric wire in the elevator shaft. People jumped from windows and in all directions. Eight persons are known to be dead, and dozens are missing. Many women were in the building. Two men jumped from a seventh-story window, and were instantly killed. It is said that 172 people were in the hotel on the upper floors. There were many thrilling escapes. One woman, panic stricken, leaped from the seventh floor. At 8 o'clock the fire was under control. The fire spread up the elevator shaft rapidly and a panic followed. Dozens were saved by jumping into the fire department's nets. The hotel is ruined. Terrible scenes were enacted during the fire. When the fire started a great crowd gathered and witnessed one man and one woman jump to instant death from the top floor of the hotel. They were unknown. Both were instantly killed. The loss will reach $250,000

The first horror occurred fifteen minutes after the fire had started. Fire Captain John A. Berwin had thrown a scaling ladder to a seventh-story window where a woman was wildly pleading for help. The crowds below could see that she was nearly suffocated by the smoke which rushed through the window past her. The crowd gave a cheer as the brave fireman reached the woman, and took her into his arms. He began to descend the ladder slowly. They had nearly reached the top round of the big ladder, below them when the woman began to kick and scream. The fireman struggled to hold his place on the ladder but failed. The woman threw herself from his arms onto a ledge. The fireman tried to keep his poise. For half a second, he swayed, then his body leaned far out. The crowd watched, horror bound, as the fireman fell. He was dashed to death on the pavement. The woman was Mrs. Emiline Barlow.

The next horror followed when Miss Mabel Larsen, of Omaha, threw herself from the seventh story to the pavement. Her body was terribly crushed.

Abandoned Steamer.

New York, Jan. 10.—Captain Dodori, of the Italian steamer Liguria, which arrived last night from Genoa and Naples, reports that he fell in with a steamer apparently abandoned, on January 6, in latitude 36.55, longitude, 6.46. The weather was extremely rough at the time. A heavy northwest gale was blowing and a high sea was running. The Liguria steamed about the stranger without, however, approaching very near. Signals were set but no reply was received. The glass showed that the steamer's life boats were missing. The stranger appeared to be a new large cargo boat of about 4,000 tons and in ballast. She had two masts and one funnel. The funnel was black, with blue, white and blue bands. Captain Dodori said if the weather had permitted, he would have towed her into port but he had been delayed by stormy weather and having over one thousand passengers on board, he proceeded.

New York, Jan. 10.—Barnet Coben, 52 years old, a resident of Manchester, England, is detained in the observation ward at Bellevue Hospital, although he claims that he is sane as any man. Early today Mr. Cohen was taken from the steamship Cedric, of the White Star Line, after surgeon Bell, of the vessel, had pronounced him insane. Mr. Cohen's cards, which contain a family coat of arms, are inscribed as follows: "Barnet Conamanor Hebroughton, Manchester. Bromley Rubber Works, Ashley Lane, England." It was with much pride that Mr. Cohen exhibited a Masonic watch charm, studded with diamonds, which, he said, had been presented to him by King Edward, then Prince of Wales when the latter was Master of the Manchester Lodge of Free Masons.

Massing of Turkish Troops.

London, Jan. 10.—A dispatch to the Exchange Telegraph Company from St. Petersburg says that persons arriving there from the Caucasus report that four Turkish corps of troops are massed on the frontier ready to invade the Caucasus. The situation along the Black Sea coast is very grave. Many police men are joining the insurgents.

Constantinople, Jan. 10.—The Porte is protesting to the powers against the conclusion of the customs agreements reached between Bulgaria and Servia. The Turkish government holds that this agreement is but the first step toward a political alliance directed against Turkey.

J., Jan 10.—Governor Stokes at noon today granted reprieves in the cases of Mrs. Antoniette Tolla and Jerry Rossa, both of whom were to have been hanged in Bergen county jail at Hackensack, Friday. The third case to be brought to the attention of the Governor and the court of pardons, today, that of Charles Long, who is sentenced to be hanged in the Mercer county jail Friday, for the murder of Matthew Cunningham, was not reached when the court adjourned at noon.

Rogers and other Standard Oil magnates in the suits of the State of Missouri against the Standard Oil Company, of Indiana, and three independent companies, was carried into the New York Supreme Court today, before Justice Gildersleeve on an order to show cause why H. H. Rogers should not answer certain questions put to him by the Attorney General of Missouri.

Annapolis Courts Martial.

Annapolis, Md., Jan. 10.—The hazing court martial at the Naval Academy resumed its session this morning for the trial of Midshipman Decatur on the charges of "hazing," or "countenancing or encouraging hazing," the adjournment taken early yesterday was to allow the judge advocate time to prepare his statement in reply to a plea entered by counsel for the defense, which, in effect, was that young Decatur was placed in jeopardy twice inasmuch as he is to be tried for countenancing hazing, when his previous trial of hazing, of which he was acquitted, virtually covered the same offense.

Judge Advocate Harrison cited a number of authorities on this point, in a negative argument to the plea.

The court, denied the plea in bar, and the trial proceeded.

Midshipman Roberts, the first prosecuting witness, told of the foolish message he was given to deliver to Midshipman Marzoni. This message was: "If she had been a dog, do you think she would have taken it that way?"

Witness could not say positively that Decatur gave the command. Midshipman Benson, fourth class, told of having been in Decatur's room when Roberts repeated the above message. He said he and two other plebes were sent in the closet and did the "16th."

"Decatur came in this room after me," he said

Midshipman Mailley said he had taken breakfast to Decatur about fifteen times.

Midshipman Thornton testified that he had seen Mailley carry breakfast into Decatur's room about six times.

Court took a recess till 2 o'clock.

The trial, it is thought, will be concluded this afternoon.

The Greene and Gaynor Case.

Savannah, Ga. Jan. 10.—Hon. Horace J. Stone, of Chicago, counsel for ex-Captain Oberlin M. Carter, was among the first in the court room this morning. He announced that he is not yet in the case. When court convened Mr. Lawrence resumed his argument for the defense declaring Greene and Gaynor had not been extradited for conspiracy and cited authorities to show the prisoners could not be tried for an offence for which they were not extradited.

Killed by a Train.

Erie, Pa., Jan. 10.—Frank Hineman and John Maras, employees of a local malt house, were instantly killed at the German street crossing of the Lake Shore Railroad at 7 o'clock this morning. Their bodies were badly mangled.

Mr. Field's Condition.

New York, Jan. 10.—The condition of Marshall Field, of Chicago, who was taken from a train ill, on his arrival here yesterday, is reported to be much improved this morning. The millionaire is suffering from an attack of bronchitis. No complications have set in, as was feared they might, and his physicians believe that it is only a question of a few days until Mr. Field will have recovered from the attack.

Believe Gaskill is Alive.

Boston, Jan. 10.—Yesterday Philadelphia parties interested in the remarkable career of the famous forger, Benjamin H. Gaskill came to this city and made the discovery that the coffin which was brought to this city by a Philadelphia undertaker last June, and which was supposed to contain the remains of Benjamin H. Gaskill had not been consigned to a grave, but was yet resting in the receiving vault at Forest Hill cemetery. This discovery following so closely on the revelations of the great Norfolk & Western forgeries, many of which have been laid at the door of Gaskill tends to more strongly convince the Philadelphians that their first suspicions that the man was not dead were correct and every effort possible will be made to have the casket opened for investigation. According to the attitude expressed by Superintendent Potter, of the cemetery, it will not be an easy thing to secure the permit to open the coffin. According to regulations the superintendent of the cemetery is obliged to open that or any other coffin only on the request of the heirs of the deceased and in this case such a request would have to come from the wife of the supposed dead man and it is extremely unlikely that she can be located, and even if she were that she would make such a request.

Stampeding to New Camp.

Goldfield, Nev. Jan. 10.—One of the most remarkable stampedes in the history of this mining region has taken place from Tonopah and Goldfield to Manhattan, eighty miles northeast of Goldfield. In less than a week, the new camp has become a town of four thousand. Goldfield streets are deserted, as two thousand people have gone to the new camp. Two hundred dollars a day is offered for automobiles by those anxious to reach the camp. Hundreds of teams line the two roads to the latest camp. Rich surface finds have made men hysterical. Lots have jumped in price from $2b to $3,500. A bath in a tin tub costs $3.

Newborn Babe Weighs 20 Pounds.

New York Stock Market.

New York, Jan. 10.—The stock market held fairly well after a strong opening and early reaction. Strength and sharp advances were made in a number of cases. Trading and prices to a great extent followed those of yesterday. There was a move to realize profits. Low priced issues monopolized a large part of the speculation and brought those stocks more to the front in market movements.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflammed portion of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

City Council.

The volume of business transacted by the City Council last night was small and the session brief.

BOARD OF ALDERMEN.

Mr. W. H. Sweeney introduced a resolution, which was adopted, requesting the committees on public property, streets and general laws to take necessary steps for the extension of the corporation limits of the city.

An ordinance providing for the abolition of railway gates and gatekeepers on Fayette street, received from the Common Council at the last meeting and laid over, was read.

President Sweeney (Mr. Curtin in the chair) opposed the passage of the ordinance. He did not believe life and limb would be properly safeguarded by flagmen whom the Washington-Southern Railway Company proposed to employ instead of gatekeepers. Mr. Sweeney referred to the accident at Wilkes and Royal streets a few weeks ago when an electric car collided with a Southern Railway freight train. He called attention to the fact that an ordinance was passed by the City Council providing for a watchman at that point, but that the electric railway company had failed to comply with the ordinance because no penalty had been provided for a violation of its provisions.

Mr. Hill said he agreed with Mr. Sweeney, so far as safety was concerned, should trains continue to pass through the city, but he had been assured that within a short time all freight trains would pass over the new tracks around the city. Hence he was in favor of passing the ordinance under the present conditions.

Mr. Burke said Mr. Hill had voiced his own impressions concerning the matter. He saw no more need of gates on Fayette street, under existing conditions, than on Union street. Moreover, he believed it would be for the interest of the city to do what the railway company desired in this matter. He referred to the traveling conditions between Alexandria and Washington last winter and the accomodating spirit shown by the late Major Myers, who put on local trains for the convenience of the people of this city and ordered some of them to be stopped at certain points in Washington.

Mr. Marbury also favored the passage of the ordinance. He had been assured by railway officials that all trains would eventually pass over the new tracks, and that only cars for the local depot, the glass works and the brewery would be run on Fayette street.

Mr. Ballenger suggested that under the provisions of the ordinance all electric trains would have the right of way in passing up or down King or Cameron street.

The ordinance was read the third time and passed by a vote of ayes 6, noes 1—President Sweeney.

An ordinance providing for flagmen on Fayette street, which was also received from the Common Council at the last meeting, was read three times and passed by a unanimous vote.

President Sweeney submitted the resignation of Mr. S. P. Fisher, as a member of the board from the Third ward. The resignation was accepted with regrets.

Mr. Curtin moved that the Aldermen proceed to the election of a successor to Mr. Fisher.

Mr. Hill objected to going into an election, saying that the people of the Third ward should be given an opportunity to suggest the names of gentlemen suitable for the position.

President Sweeney said due notice had been given, as he (Mr. Sweeney) had announced in the newspapers the resignation of Mr. Fisher.

Mr. Curtin thought proper notice had been given.

Mr. W. H. Sweeney favored giving further notice of the election.

Mr. Curtin withdrew his motion and, upon motion of Mr. Hill, the eletion was passed over.

The action of the Common Council upon several papers which had been sent in was concurred in, after which the Aldermen adjourned.

COMMON COUNCIL.

The board was called to order at 7:50 p. m. with a quorum (9 members) in their seats but three others came in afterwards.

No committees were ready with reports and the clerk announced that there was no business on the table.

An application for an electric light at Columbus and Pendleton streets, near the Baptist Mission, was presented, and on motion of Mr. Uhler, an arc light was ordered at that point.

Mr. Strauss introduced a resolution to ask for bids for a patrol wagon. He said all modern cities had such wagons and he thought Alexandria should not be behind others. He frequently saw a crowd of hoodlums following a policeman and his prisoner. A wagon would stop this. The matter was referred.

The George Washington Birthday Association made application for an appropriation of $200 in aid of the celebration of the next 22d of February, and the application was referred. No further business appearing the board took a recess to await the Aldermen.

The members were, however, soon called to order and

Mr. Williams asked why it was that the service of removing ashes from the streets and alleys was now so unsatisfactory as to occasion general complaint. He said that he had received a number of complaints and he had in each instance sent the complaint to the Mayor, whom he considered the proper person to know of such conditions.

Mr. Leadbeater, from the committee on streets, said that the drivers of the carts sometimes found gates locked; sometimes, it was said, presents were made the drivers to insure prompt service, and the trouble was one not easily remedied with the means now at the command of the street department.

Mr. Strauss said that the law in relation to the removal of ashes was plain and should be enforced. The police should do their duty in relation to ashes on streets.

Mr. Spinks said that he believed that the Council would be willing to make an additional appropriation in order that ashes, &c., might be promptly removed by the carts. He related some amusing experiences he had had with citizens who wished their ashes removed.

Mr. Williams was glad that his question had made plain the fact that the street department was handicapped by want of money. He hoped the chairman of the street committee would make application for a further appropriation.

Mr. Leadbeater said he would be glad to do so, but he looked upon the subject of the city removing ashes as a species of paternalism and that, in his opinion, the city had the same right to pay for putting in a person's coal. He admitted, however, that there was ground for complaint, but said that this could be remedied if the police force were compelled to co-operate with the street cleaning department in inforcing the ordinance on the subject. One arrest and the imposition of one fine, he believed, would rectify much of the trouble. The subject was laid over.

A resolution originating in the Board of Aldermen directing the joint committee on public property, streets and general laws to take the necessary steps to have the corporate limits of Alexandria extended was laid on the table, the lower board having already intrusted that matter to the committee on streets and finance.

Another recess was taken. Council awaited the close of the meeting of the Board of Aldermen, and after some time received notice that that Board was ready to close its session and at once adjourned.

Ayes, Messrs. Hill, Burke, Marbury, Ballenger, Curtin and W. H. Sweeney—6. No, Mr. President—1.

The Smoot Will Case.

The matter of the probating of the will of the late Mrs. Frances P. Smoot to determine if the will offered for probate December 5, 1905, is the last will and testament of the deceased, came up in the Corporation Court today, Judge L. C Barley, presiding. The contestant, Miss Ella Rose Smoot, was represented by Mr. S. G. Brent and the other heirs at law by Col. F. L. Smith, Judge J. K. M. Norton and Mr. E. B. Taylor. The following compose the jury: L. Stabler, G. H. Harlow, R. W. Arnold, E. Goldsmith, R. M. Graham, J. Matthews, M. A. Abern, L. Shuman, B. Baer, W. H. Hellmuth, H. Basder and G. C. Markell.

All the members of the family were present in court.

The following is the issue:

You shall well and truly try whether or not any of the paper writing dated October 23, 1899, and purporting to be the last will and testament of Frances P. Smoot, deceased, and the paper writing dated October 22, 1902, purporting to be a codicil thereto, offered for probate as the last will and testament of Frances P Smoot, deceased, by W. Strother Jones, the executor named therein, on the 1st day of December, 1905, be the true last will and testament of the said Frances P. Smoot, deceased, and if any part, how much of said paper writings is the last will and testament of the said Frances P. Smoot, deceased.

The case was then opened by Judge Norton suggesting that the court in laying out its guidance for the trial of the case should state how far the proponents of the will would be required to go into testimony in support of the will. Judge Norton was of opinion that it would be only necessary for the proponents to present a prima facie proof of the due execution of the will by the testatrix, after which any attack against it might be made. This motion precipitated a lengthy colloquy between counsel, during which many authorities, pro and con, were cited, after hearing which Judge Barley held "that the proponents of the will should always be ready to prove whether the person, at the time of the execution of the will, was sane or not, and I think that should be proven in the first instance, together with the due execution of the will, and if the will is attacked on any other ground, then the proponents are put on the defensive."

Court then took a recess and at 2 o'clock resumed, when the examination of witnesses was begun.

Mr. H. K. Field was the first witness.

Capt. Marsh Indicted.

As stated in the Gazette of that day, Capt. William Marsh, of the Chesapeake Bay oyster boat Ethel Ruth, No. 35, was indicted in this city yesterday in the United States Court on the charge of imprisoning William J. Gallagher, a member of his crew, while engaged in oyster dredging in the Wicomico river last fall. It was also charged that the man had been deprived of food. This case, which came up from Richmond, is one of the series based upon alleged cruelties and atrocities among the Bay oystermen. Capt. Marsh and his friends deny the charges and say they will have little difficulty in disproving them. Capt. Marsh was in court accompanied by his counsel, State's Attorney C. S. Towles, of Reedville, Va., and Mr. John M. Johnson, of this city. As soon as the indictments were returned he gave bond in the sum of $1,000 for his appearance in court today.

Today the case was removed to Norfolk and continued until the May term of the court in that city and Capt Marsh entered into bond in the sum of $1,000 for his appearance at that time. It now turns out that Gallagher is not an Irishman, but claims to be an Austrian, and the Austrian Minister at Washington has interested himself in the case. The case will probably turn on the question of peonage.

Case Continued.

In the U. S. Court yesterday the damage suits of Howard C. Knode against Commonwealth's Attorney Crandall Mackey and Magistrate Joseph E. Supplee of Alexandria county in which assault and unlawful prosecution are alleged, were called and on motion of Attorney Lamb for the plaintiff were continued until the July term. In the declaration of the plaintiff it is asserted that the prosecution in Alexandria county which formed the basis of the action for damages has been finally and fully determined, but it appears from the records of the Circuit Court for the county that the case in question, together with others of a similar character, is still unsettled. A nol pros had been entered, but before the session of the court ended it was removed and the several cases were restored to their former status. The law, it is stated, precludes the consideration in court of a suit for damages on the ground of illegal prosecution until the case complained of is fully and finally determined. This suit was filed in Richmond sometime since and was removed to this city.

Death of Mr. Greenwood.

Mr. Benjamin Greenwood, keeper of Jones's Point lighthouse, died early last night of pneumonia, in the 66th year of his age. The deceased leaves a widow and four children. Mr. Greenwood had been the keeper of the lighthouse for forty-three years. He was kindly-disposed in his deportment and had many friends and acquaintances. This is the second death in the family in a little more than a month, Miss Jeannette, daughter of the deceased, having died of typhoid fever on the 5th proximo. Their many friends and acquaintances sincerely sympathize with them in their dual affliction.

A petition signed by many of the leading citizens will be sent to the Light House Board requesting the appointment of Mrs. Greenwood to the position so long filled by her husband.

Week of Prayer.

Services in connection with the week of prayer were held in the First Baptist Church last night. The attendance was large and the services interesting. The meeting will be in the M. E. Church South tonight and it will be conducted by Rev. Edgar Carpenter and Rev. Dr. Fisher. The subject to be considered will be "The unsaved aroused to seek salvation."

The Curtin Murder Mystery

The members of the police force still endeavoring to unravel the mysterious murder of George Curtin, who disappeared on the night of the 23d ultimo and whose mutilated body was fished from the dock at the foot of Fayette alley last Monday morning.

Mayor Paff, who has been working assiduously on the case since the body was found, last night had all the women living on north Lee street summoned before him at the station house. They were closely questioned, but nothing tangible concerning the murder could be obtained. The examination occupied the greater part of last night. The women were finally dismissed.

There are all sorts of speculation as to how the unfortunate young man met his death. Some believe he was decoyed to the river front where he was murdered and robbed and his remains thrown overboard. The fact that his abdomen had been cut open is, to some, suggestive, as a body in that condition will not float. Others believe Curtin was murdered in a house while asleep, but this theory is controverted from the fact that the dead man's shoes had not been removed.

It had been reported that an ark near one of the wharves in the northeastern portion of the city bore evidences of having recently had its interior cleansed, presumably from blood stains. Lieutenant Smith visited the ark this morning and found nothing suspicious within or without.

The funeral of the murdered man took place from his late home on north Henry street this afternoon. Rev. Mr. Morton conducted the services.

The murder of Curtin is the second that has occurred in the same locality during the past two years, the body of a Norwegian sailor named Peterson, which bore evidences of foul play, having been found in a dock.

Election of Officers.

At the annual meeting of the Young Men's Sodality Lyceum, held at their hall on Duke street last night, seven applications for membership were received. The annual election of officers took place which resulted as follows: W. M. Donnelly, president; James Roche, first vice president; Thomas C. Hoy, second vice president; R. E. Power, recording secretary; P. F. Gorman, jr., financial secretary; Richard L. Carne, treasurer; Francis T. Quinn, librarian; Matthew C. Boone, sergeant-at-arms; M. Creegan, T. McGowan, C. T. Hellmuth, E. A. Gorman, M. D., James Callan and S. A. Breen, members of council. After the meeting an oyster roast was served which was greatly enjoyed by all present

Fitzgerald Fourth Degree Assembly, Knights of Columbus, have elected the following officers for the ensuing year: E. A. Gorman, M. D., chairman; C. T. Hellmuth, vice chairman; M. J. McFarland, recording secretary; S. A. Breen, financial secretary and treasurer; R. L. Carne, inside sentinel; H. L. Wheatley, outside sentinel; W. H. Whitcomb, warden; P. F. Gorman, W. H. Whitcomb and C. T. Hellmuth, trustees

Frozen to Death.

Private Murname, of the Forty-seventh Company, Coast Artillery, stationed at Fort Hunt, a short distance below this city, was frozen to death Monday night in a rowboat in which he was attempting to cross the river. In the boat with him was Sergeant Burroughs, of the same company, who was unconscious from the cold when the boat was discovered lodged against the bank at Moxley Point. The men had been adrift in the icy waters of the river during a raging blizzard for six and one-half hours. They had been over to Fort Washington to spend the evening with friends and started on the return trip at midnight. It is thought that while in midstream the hands of the oarsman became benumbed with cold and the oars slipped from his grasp. Sergeant Burroughs was removed to the Fort Hunt hospital, where he is in a critical condition.

Damage by Storm.

During the heavy blow of Saturday afternoon last the shelter shed of the Washington, Alexandria and Mt. Vernon railway at the Del Ray station was completely demolished by the wind. In the vicinity of Four-Mile Run about forty big telegraph poles, each carrying from seventy to eighty wires, were prostrated by the storm, and the roadway for two or three miles was blocked by a a tangled mass of wires and poles lying across the road. Temporary repairs allowing the use of the wires have been completed but it will be several days before the poles are all in place and the lines restored to the condition they were before the storm.

Found Diamond Ring.

John Quill, colored, who is employed in the street cleaning department of the city, found a pair of discarded pantaloons in an ash barrel he was engaged in removing from a residence on south Pitt street yesterday. The weather being cold, he pulled the trousers over the pair he was wearing for the purpose of adding to his comfort. The darkey naturally ran his hands in the pockets and to his surprise drew from one a diamond ring, which he placed upon one of his fingers. After wearing the jewel a short time and admiring its brilliancy he went to the house from which he obtained the pantaloons and returned the ring to its owner.

Installation of Officers.

There was an interesting meeting of Alexandria Council, Royal Arcanum, last night. The officers elected December 12 were installed by District Deputy Grand Regent J. E. Shinn, assisted by H. K. Field, Grand Warden. Two new members were initiated, and Mr. A. G. Uhler, on behalf of the Alexandria Council, presented M. Jaffa, the retiring regent, with a past regent's jewel. Mr. Jaffa made an appropriate response. Letters from Supreme Regent Wiggens and Supreme Representative McGowan, regretting their inability to be present, were read. After the installation a banquet was served at the Hotel Rammel.

Death of Rev. Dr. Elliott.

Rev. John Habersham Elliott, S.T.D., L.L.D., rector emeritus of the Church of the Ascension, Washington, and for 20 years its pastor, died at the parish house, Twelfth and O streets northwest, yesterday afternoon. He had been partly paralyzed for three years, and his death was not unexpected. He was born in Beaufort, S. C., in 1832 and spent two years at the Theological Seminary near this city where he had many friends.

Indictments

As was stated in the Gazette, in the United States Court here yesterday, Judge Waddill presiding, an indictment was returned against William H. Bosley, president of the Suffolk and Carolina Railway Company, charging him with granting an unlawful rebate to the Gay Manufacturing Company for the transportation of a large quantity of lumber from Center Hill, N. C., to Suffolk, Va., in October, 1904. A similar indictment was returned against the Suffolk Carolina Company and the Gay Manufacturing Company was also indicted for violating the interstate commerce law in the matter. It was charged that Bosley, as president of the Suffolk and Carolina Company, had made a deal with the Gay Manufacturing Company, whereby a reduction on the schedule rate of 30 cents per thousand feet was allowed for the transportation of 489,527 feet of lumber. The rate charged, it was alleged was $2.50 or 50 cents below the rate published and certified to the Interstate Commerce Commission. From the best information obtainable, it appears that at the time the rebate is said to have been granted. Mr. Bosley, was president of the railroad and of the Gay Manufacturing Company, as well. The alleged offense can be punished only with a fine, the imprisonmen feature having been abolished by the Elkins law.

Other changes take place January 15th.

Accused in Church.

Y young man, who until two weeks ago was a traveling salesman for a Minneapolis music firm sang a solo in River Falls Congregational Church at River Falls, Wis., last Sunday. Immediately after the sermon a young woman, clasping an infant in her arms, rose from her seat in the first pew, and, pointing her finger at the singer, who sat in the choir loft, denounced him in piercing tones as a villian and the author of her shame. Holding up the infant, she loudly accused the man of being its father and of breaking his promise to her. The whole story of his perfidy she related while the audience sat breathless. The man in the choir hung his head, and when the minister spoke, following the denunciation, the singer turned pale, but said nothing. "If the charge be true," said the pastor, "then the curse of the Lord be upon you. Let no such man desecrate God's temple with his presence." After the service the singer disappeared. His employer, who was communicated with, said he had not seen or heard from him for a fortnight.

WEDNESDAY EVENING, JAN. 10, 1906.

Suicide of a Broker.

Leland W. Prior, one of the best-known men in financial circles in Cleveland, Ohio, and junior member of the stock brokerage firm of Denison, Prior & Co., shot and killed himself in a room at the Hollenden Hotel yesterday afternoon.

In taking his life, Mr. Prior fired three bullets from a revolver, two of which passed through his head. He was alone at the time of the shooting, and was dead when those who had heard the reports of the pistol ran to the room.

In killing himself Prior evidently stood in front of a mirror. Either shot would have been fatal. One is still in his head. The other went clear through the temples and broke a picture on an opposite wall. Prior fell in his tracks.

Mr. Prior was president of the Cleveland Stock Exchange. He was also a member of the New York Stock Exchange, having paid $60,000 for a seat two years ago, as well as a member of the Chicago Stock Exchange and the Chicago Board of Trade.

The firm of Dennison, Prior & Co., was one of the heaviest dealers in stocks and bonds in the Central West. Mr. Prior has been foremost in financing a number of large brewery consolidations in Ohio and in other States.

In order to protect financial interests, it was decided to put the firm's affairs in the hands of a committee. Charles E. Dennison, senior member of the firm, was in Cleveland yesterday, having come from Boston, where he lives.

It is understood by persons acquainted with the amount of business done by the firm of Denison, Prior & Co. that it is involved in the stock market to the extent of at least half a million dollars.

Cook at White House Quits Job.

The White House cook resigned his job several days ago; quit in a most summary way and announced that he would never return.

He says he could not stand the strenuous life. President Roosevelt has a merry habit of inviting folks offhand to dine.

One day there would be a United States Senator and a Maine guide and a Rough Rider, which was all right. The next day in would troop six literary persons and a clergyman or two, closely followed by athletes of various degrees, all of them hungry.

A few days after Christmas word was sent to the cook that four friends would take luncheon at the White House. The artist in the kitchen went merrily along with his suggestions on first aid to the hungry, whistling all the while a lively tune.

Two more guests were announced. The cook frowned, but added a little flour here and a trifle of meat there and just a few more dabs of butter to make up for the increase. Three more orders to be filled. That meant a new deal all around, and there was a howl. Finally, a long string of additions, and that settled it.

The cook threw off his cap, threw down his saucepan and threw up his job.

Nothing helped me until I took Dr King's New Discovery for Consumption, Coughs and Colds, which gave instant relief and affected a permanent cure." Unequalled quick cure for Throat and Lung Troubles. At E. S. Leadbeater & Sons' drug store; price 50c and $1.00, guaranteed. Trial bottle free.

Perfection can only be attained in the physical by allowing Nature to appropriate and not dissipate her own resources. Cathartics gripe, weaken—dissipate, while DeWitt's Little Early Risers simply expel all putrid matter and bile, thus allowing the liver to assume normal activity. Good for the complexion. Sold by W. F. Creighton & Co., 401 King street.

FOR OVER SIXTY YEARS

AN OLD AND WELL-TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for Diarrhœa. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.

Stomach Troubles and Constipation.

"Chamberlain's Stomach and Liver Tablets are the best thing for stomach troubles and constipation I have ever sold," says J. R. Cullman, a druggist of Potterville, Mich. They are easy to take and always gives satisfaction. I tell my customers to try them and if not satisfactory to come back and get their money, but have never had a complaint." For sale by Gibson & Timberman and W. F. Creighton & Co.

Many sufferers from nasal catarrh say they get splendid results by using an atomizer. For their benefit we prepare Ely's Liquid Cream Balm. Except that it is a liquid it is in all respects like the healing, helpful, pain-allaying Cream Balm that the public has been familiar with for years. No cocaine nor other dangerous drug in it. The soothing spray relieves at once and cure is certain. All druggists, 75c., including spraying tube, or mailed by Ely Bros., 56 Warren street, New York.

A Liquid Cold Cure.

For coughs and colds no remedy is equal to Kennedy's Laxative Honey and Tar—the Liquid Cold Cure. It is different from all others—better, because it expels all cold from the system by acting as a cathartic on the bowels. Gives strength to weak lungs. Affords immediate relief in Croup, Coughs, Colds, Whooping-Cough, etc. Children love it. Sold by W. F. Creighton & Co., 401 King street.

STRONG Again

is what Mrs. Lucy Stovall, of Tilton, Ga., said after taking Kodol Dyspepsia Cure. Hundreds of other weak women are being restored to perfect health by this remedy. YOU may be well if you will take it.

Indigestion causes nearly all the sickness that women have. It deprives the system of nourishment and the delicate organs peculiar to women suffer—weaken, and become diseased.

Kodol
Dyspepsia Cure

enables the stomach and digestive organs to digest and assimilate all of the wholesome food that may be eaten. It nourishes the body, and rebuilds the weak organs, restoring health and strength. Kodol cures indigestion, constipation, dyspepsia, sour risings, belching, heartburn and all stomach disorders.

Digests What You Eat

Dollar bottle holds 2½ times as much as the trial, or 50 cent size.
